

Lyric™ C1 Wi-Fi
Security Camera

SET YOUR BUSINESS APART WITH HOME SECURITY

The Easy-To-Install Way To Give Your
Customers Peace Of Mind

Homeowners Want Security

Meet Their Needs With The Lyric™ C1 Wi-Fi Security Camera

Intrusion detection is listed as the number one problem that homeowners would like addressed with a connected solution. Now you've got the answer with the Honeywell Lyric C1 Wi-Fi Security Camera. It's a simple — and profitable — way to set your business apart by offering a home security solution.

Packed With Features Homeowners Want

Designed for indoor use, the Lyric C1 delivers an ultra-wide angle, high-definition view, and two detection zones can be set for extra sensitivity or to ignore background motion like a ceiling fan. Intelligent sound detection supports the video by adding audio analytics that identify smoke and carbon monoxide alarms. Real-time mobile alerts can be sent to the homeowner as well as family, friends or neighbors.

Video capture is triggered by motion or sound, with video clips stored on an included SD card and in the cloud. Plus, secure cloud storage of the past 24 hours is free.

FAST INSTALLATION

Like all products on the Lyric platform, the Lyric C1 is easy to install and use. It can be mounted on a wall or table top, and installation takes just minutes using the Honeywell Lyric app.

Best of all, it's intuitive to use, so you'll be giving your customers an easy solution that they'll value. Set yourself apart from other HVAC contractors by being a total home solution provider.
