CGU30X KIT SHOWN

THEFT HAPPENS

CONSIDER THIS:

- Custom welding is time-consuming and costly
- Alarms alert, but not before expensive damage has been done
- Walls and fencing alone may actually assist the thief
- Hedges are frequently overgrown, reducing air conditioner efficiency
- Lighting may actually make your air conditioner an easier target
- A security camera records theft but does not prevent it

***AC GUARD™ PROVIDES
A PHYSICAL AND VISUAL
BARRIER, SENDING THIEVES
TO AN EASIER TARGET.***
