

Eggcrate Louver

PRODUCT

650-100 - Egg Crate Louvers – 2ft. x 4ft. x 1/2"

650-200 - Egg Crate Louvers – 2ft. x 4ft. x 3/8"

650-300 - Egg Crate Louvers – 2ft. x 2ft. x 1/2"

APPLICATION

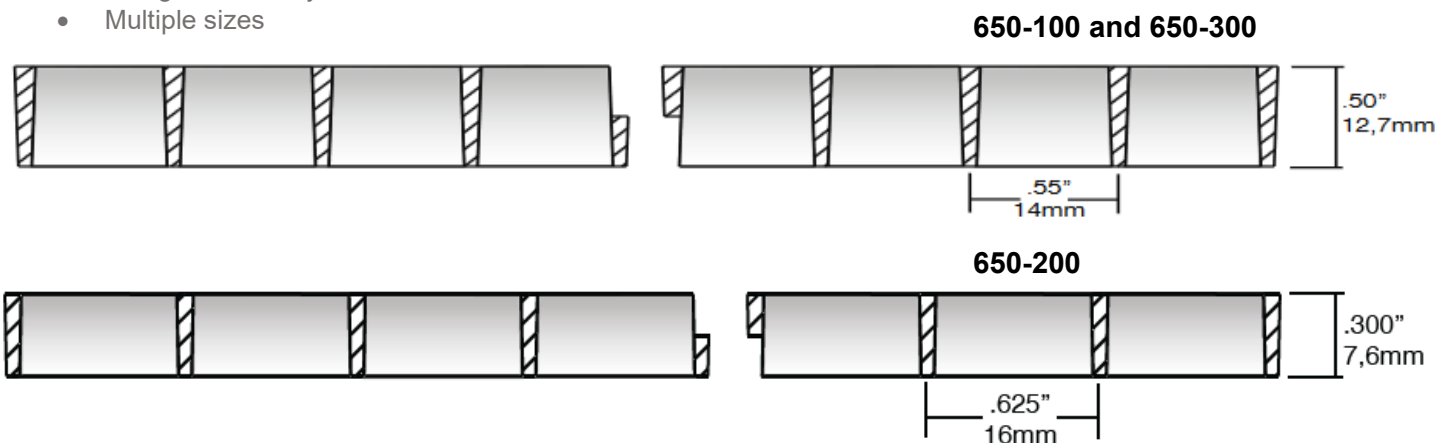

The DiversiTech® Egg Crate Louvers are made of white translucent polystyrene and contain 1/2" square openings. They provide efficiency, economy, and moderately controlled luminance.

The 650-100 and 650-300 panels feature a shiplap perimeter detailing to facilitate an unbroken appearance when parts are butt joined in continuous row application.

The 650-200 feature a half lap perimeter detail that facilitates continuous row applications with an unbroken appearance.

ADVANTAGES

- Quick and easy installation
- Lightweight and economical polystyrene
- Translucent white material provides exceptional luminance
- Designed for easy air return
- Multiple sizes
