

McDonnell & Miller wiring harnesses for Series RB-24E Low Water Cut-Offs

McDonnell & Miller offers different models of the Series RB-24E Low Water Cut-Offs for easy plug and play wiring for most popular boilers. From Honeywell Aquastat L7148 and United Technology boiler controls to Weil McLain Ultra, and Lochinivar Knight and Solution boilers we have you covered.

Ask your McDonnell & Miller factory representative or your local wholesalers which control fits your application.

For step and step wiring information please refer to Installation Operation Manual MM-277K
