Join us for **LG AC Installation Training**

AC Installation, Application Essentials and Service Training

- **Who should attend?**

- Employees and sub-contractors of our Representatives in field installation of LG Light Commercial Residential (LCR) Equipment.
- Those with advanced knowledge of HVAC service/installation (basic refrigeration circuit understanding), people who have installed inverter systems or want to.

- **What will you learn?**

LG's guidelines for installing the piping, correct wiring and charging fundamentals for LG's inverter systems.

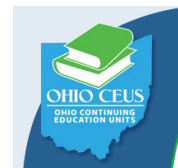

- **How will you learn?**

This class begins with a brief introduction to LG Inverter technology, covers the core installation topics of Piping, Wiring and Charging (PWC), then takes this knowledge to troubleshooting and diagnostics.

\$25 cost for the class

Class runs from 8:00am - 3:00pm

Please mark which class you will be attending:

Return bottom portion
